THE "TREATY PORTS OF CHINA AND JAPAN" AND "NOTES AND QUERIES ON CHINA AND JAPAN."

EXTRACTS FROM REVIEWS.
(From the "P. and O. India," June 4, 1868.)
We acknowledge with thanks the receipt of the numbers for the current year of "Notes and Queries," a most deserving Anglo-Chinese monthly, edited by Mr N. B. DENNIS, whose "Treaty Ports of China and Japan" are so well known. From the names attached to the "Notes" we can see that the contributors include some of the best Chinese scholars in the East. Its interest is not confined to China, and it will be of valuable assistance to all scholars, who have directed their attention towards the subject of Buddhism and its literature, and generally to all who are interested in oriental antiquities. It deserves to be better known in India.

(From the "Strait Times," July 27, 1868.)
Some time ago we had occasion to remark upon the progress that literature as represented by the Press had made and was making in the East, and our attention has again been called to the subject by the receipt of a Hongkong publication which deserves some notice and which we have much pleasure in introducing to the knowledge of our readers. We allude to Notes and Queries on China and Japan, published monthly by Mr Saint, the proprietor of the China Mail newspaper. This publication is well printed on good paper, and in size and shape is very like the well-known name and shape of a book at home, and is equally a safe or promising very curious and useful mine containing very curious and useful information regarding the language, literature, history, manners and customs of the Chinese and in a less degree of the Japanese. It says a good deal for the extent and stability of the footing of Europeans in China, that such a publication as this should be established and conducted with apparently successful vigour.

The publication is altogether a very interesting one, and wishing it every success, we commend it to the attention and support of our readers.

(From the "London Examiner," May 10, 1868.)
This really useful volume ["Treaty Ports of China and Japan"] is intended as a guide for travellers and residents in China and Japan, and as a book of reference for mercantile men generally. It contains an account, historical and political, of all the open ports of these countries, together with Peking, Yedo, Hongkong, and Macao. It has been carefully compiled and edited by Mr N. B. DENNIS, and the elaborate maps and plans, with which the work abounds, considerably enhance its value. ***

We have thus given in outline some of the more prominent portions of the chapter devoted to Canton, as a specimen of the whole volume. Other chapters treating of Macao, Formosa, Ningpo, Shanghai, and the remainder of the treaty ports, we can only enumerate. The pages describing Peking, the capital, are so interesting, and contain so much that is new to European readers respecting its history, public buildings, and general characteristics, that we would fain transfer them to our columns.

A complete and intelligible plan of the Imperial City and neighbourhood, gives us an accurate notion of the relative position of its divisions, streets, and places.

In the introductory chapter to the notices of the Treaty Ports of Japan will be found a succinct history of that Empire, together with remarks on its government, geography, and limits, which will be found particularly interesting as throwing a considerable light on a part of the world so long entirely, and still comparatively, unknown to Europeans.

The descriptions of Nagasaki, Yedo, Yokohama, and the other Treaty Ports of Japan, are as elaborate and entertaining as those of the Chinese ports. A copious index and a useful appendix containing many hints and much appropriate advice to travellers and others, is also included in the volume. The entire work affords a vast amount of information, pleasantly written, and we doubt not will be perused with interest by many who will never visit the Eastern seas.

mercical men,

Apology for a HAT—An American editor this afternoon his missing hat—"The gentleman who inadvertently took our new beard, and left an inferior article in its stead, will do us infinite kindness by returning ours, and he shall receive our warmest thanks and two apologies—an apology for the trouble we have given him, and another to hope for that he has lost us."—*THE PECULIAR OF LONDON.*

Net, Sir Thomas Hope, of Crainwill, was Lord-advocate of Scotland; he married Elizabeth, daughter of John Binning, Esq. of Wallingford, and by her had fourteen children, three of whom were upon the bench, and one as Lord-advocate. In such a circumstance, it is not surprising the privilege which that officer enjoyed. Crown enjoys of pleading with his head covered, it having been considered derogatory for a father to uncover before his sons.—*Leibnitz's Baronages and Knightages.*

HOLLOWAY'S PILLS & OINTMENT.
HOLLOWAY'S PILLS.
THIS Medicine is universally admitted to be the most efficacious remedy known to the world. No preparation is so suitable to the climates of India and China as this fine and invigorating medicine. It is particularly adapted to the constitution of European ladies, as it is never failing in its effects in all diseases peculiar to females, while those who are attenuated by the debilitating effects of the above climates will find in this wonderful remedy a kind of talisman whereby they may insure a restoration to robust health.

HOLLOWAY'S OINTMENT.
The Essence of Medicine has never before produced any remedy that can be compared to this wonderful Ointment, as it cures after all other means have failed, all wounds, sores, ulcers, and also the most inveterate skin diseases peculiar to the climates of India and China. It is the true friend of the Soldier and Civilian, as certain old sores can be removed by it that cannot be conquered by any other treatment.

2.—No Money Order to include a fractional part of a Penny.
3.—Orders drawn in the United Kingdom upon Hongkong, Shanghai, and Yokohama, will be paid at the rate of Exchange at which Money Orders are being issued at the time of their presentation.
4.—Alphabetical Lists of over 3,700 Money Order Offices in the United Kingdom, showing the Counties in which they are situated, are hung up for public reference at this Office, and also at Shanghai and Yokohama.
5.—Applicants for Money Orders must furnish, in full, the surname, and, at least, the initial of one Christian name, both of the Remitter and the Payee; if the Remitter or Payee be a Peer or a Bishop, his ordinary title will be sufficient; if a firm, the usual designation of such firm, such as "Baring Brothers," will suffice; but the mere term Messrs, such as "Messrs. Barington," or the name of a Company trading under a title which does not consist of the names of the persons composing it, such as "Carron Co." is inadmissible.
6.—The Remitter on stating that the Order is to be paid only through a Bank, to have the option of giving or withdrawing the name of the Payee in such case, the Order will be crossed in the same way that Cheques are commonly crossed when they are intended to be paid through a Bank.
7.—When an Order is presented through a Bank, a receipt by any person will be sufficient, provided the Order be crossed with the name of the receiving Bank, and be presented by some person known to be in the employ of such Bank.
8.—The signature of the Payee of a Money Order to be affixed to the Order in the place provided for the purpose. If the Payee be unable to write he must sign the receipt by making his mark in the presence of a Witness, who must sign his name, with his address in the presence of the Officer who pays the Order.
9.—Should the Payee of a Money Order desire to receive payment in the Country in which the Order was issued, at some other Office than that in which the Order was originally drawn, the transfer will be granted, provided the Order be indorsed to the Postmaster of the Office in which it was drawn. In such case a new Order will be issued, the Commission chargeable upon which will be deducted from the amount of the new Order.
10.—In the event of a Money Order mislaid or being lost, a duplicate will be granted on a written application from the Payee, (containing the necessary particulars, and accompanied by an additional Commission) to the Office where the Original Order was payable.
11.—On the receipt of a similar application, orders will be given to stop payment of a Money Order, or to renew a lapsed Order. The additional Commission in the last case will be deducted from the amount of the new Order. Lapsed Orders must be presented with the application for a new Order.
12.—But when it is desired that any error in the name of the Remitter or Payee should be corrected, or that the amount of a Money Order should be repaid to the Remitter, or that a Lapsed Order should be renewed for payment in the Country in which the Order was originally drawn, application must be made to the Chief Money Order Office of such Country. This application must be accompanied by an additional Commission, unless it have reference to a Lapsed Order, in which case the Commission will be deducted from the amount of the new Order.
13.—Repayment whether of an original, or renewed, or a duplicate Order, will not be made to the remitter until it has been ascertained that the advice has been cancelled at the Office on which the Order was originally drawn.
14.—Payment of an Order must be obtained before the end of the Sixth Calendar Month after that in which it was drawn; for instance, if drawn in January, payment must be obtained before the end of July, otherwise the Order will become lapsed, and a new Order (for which a second Commission, to be deducted from the amount of the Order, will be charged) will become necessary.
15.—If an Order be not paid before the end of the Twelfth Calendar Month after that in which it was drawn, for instance, if drawn in January and not paid before the end of the following January, all claim to the Money will be forfeited, unless, under peculiar circumstances, the Post Office of the Country in which the Order was drawn think proper to allow it.
16.—After once paying a Money Order by whomsoever presented, the paying Office will not be liable to further claim. If a wrong payment, however, be made owing to negligence on the part of any Officer of the Post Office, the Postmaster General of the Country or Colony in which the negligence occurs will, if he see fit, require the Officer in fault to make good the loss.
17.—No Money Order will be paid unless the advice has been previously received.
18.—Additional Rules for greater security against fraud, and for the better working of the system generally will be made as occasion may require.
19.—Should it appear that Money Orders are used by mercantile men, or others, either in the United Kingdom or at Hongkong, Shanghai or Yokohama, for the transmission of large sums of money, the British or Colonial Post Office, as the case may be, will consider the propriety of increasing the Commission, and will exercise the power of wholly suspending for a time the issue of Money Orders.
By Command,
F. W. MITCHELL,
Postmaster General.

5.—Measurement of Cargo.

6.—Bullion Operations.

APPENDIX.—Containing Sailing Directions for the Coast of China, and for the Japan Islands; also giving the meanings of Chinese Words occurring in Charts and Sailing Directions; and also a Table of Positions of places on the Chinese and Japanese Coast.

The author in his Preface says:—"The tables in Chap. VII., for estimating prices, measurement of goods, &c. have been selected from those constantly in use among the foreign merchants in China, and for calculating the prices of tea in those for which have been copied from the more extended tables, by the kind permission of the author, P. Loureiro, Esq. The last section of the same chapter on "Movements in Bullion," has been prepared and furnished for the Guide by Patrick R. Harper, Esq., of the Commercial Bank of India at Hongkong, who has had much experience in the exchanges and movements of the precious metals in Eastern Asia.

"The Appendix of Sailing Directions has been reprinted from the "China Pilot." With short interruptions, the course from Singapore to Hakodadi are all described in the Chinese characters for the names of all places that could be ascertained."
